

INDEPENDENCE DAY HOLIDAY IN THIS CITY WAS A BIG ONE

Maysville and Mason County Have a Great Celebration on Nation's Birthday—Baseball and Fireworks.

Independence Day was observed as a general holiday in Maysville and Mason county Monday with hundreds in the city for the big events scheduled here.

The Boys' Band celebration at Beechwood Park was a great success at both the afternoon and evening sessions but at the evening session there was a record breaking crowd in attendance. The concerts by the bands were above the ordinary and many of the compliments heard on the music the lads and lassies furnished. The combination of the two bands into a great band of eighty pieces was a novelty and worked out better than even those in charge of affairs had hoped.

The display of fireworks at Beechwood was thought by many to have been the best display ever seen here. It was seen for miles about Maysville. The set numbers were particularly beautiful and the bombs were very pretty.

Hundreds of novelties were sold during the day by members of the bands. In the baseball games, Maysville lost the series of three with the Newport Independents. The Sunday afternoon game was lost by a score of 9 to 8, going 11 innings. In the Monday morning game the locals were victors by a score of 10 to 4 and in the afternoon they lost to the visitors by a score of 7 to 5. All three games were good exhibitions and there were many who saw them.

MANCHESTER HERE SUNDAY.

The management of the Maysville Ball Club announces that the fast Manchester, Ohio, ball club will be the attraction at League Park on next Sunday afternoon. The Manchester team is the champion of Southern Ohio having recently defeated Ripley in a championship game and it is expected that they will attract a large crowd here Sunday.

Mrs. H. G. Speth has returned to her home in Ft. Thomas after a very delightful visit with Mr. and Mrs. Harry L. Walsh, of West Second street.

CIVIL WAR MAJOR DIES AT HOME HERE MONDAY

Major Fred W. Norwood Dies of Complications—Funeral and Burial at Flemingsburg Today.

Major Fred W. Norwood, Civil War veteran and a member of the Loyal Legion, died at his home at 219 West Second street at 8:30 o'clock Monday morning after a lingering illness of a complication of diseases.

Major Norwood and his wife moved to Maysville to spend the spring and summer and he has been in ill health for some time. Besides his wife, he is survived by one daughter, Mrs. E. B. Shapker, of Chicago, who with her husband, was at his bedside when the end came. Mrs. Norwood is a sister of Mrs. W. H. Means and Miss Ida Wall of this city.

The funeral was held Tuesday afternoon at Flemingsburg with services by Rev. W. D. Welburn, of the First M. E. Church, South. Burial was made at Flemingsburg.

MINT COLAS WIN TWO FROM VANCEBURG.

The Maysville Mint Colas journeyed to Vanceburg Sunday for a game that afternoon and another on the Fourth of July. In the first game the locals won by a score of 7 to 3 and in the holiday game the score was 10 to 3 in favor of the locals.

OLD SETTLERS MEET AT CAMPGROUNDS IS WELL ATTENDED

Great Throngs at Old Ruggles Campgrounds Monday At Big Celebration.

The Old Settlers reunion at Ruggles Campgrounds Monday was attended by the usual large crowd. No matter how many Fourth of July celebrations may be held in the surrounding towns none seem to affect the Old Settlers meeting. It always draws its large crowd. These crowds are made up of folks who just love a trip to the old campgrounds. Always attractive it seemed unusually so this year.

The new rooming building, which, by the way, was yesterday named "The Lane Inn" in memory of the late I. M. Lane so long the active head of the campmeeting, was an attraction to the crowd. Its location is splendid and bids fair to be one of the most desirable camping places on the grounds. This is shown by the fact that every room is already taken.

But to go back to the Old Settlers meeting. A better program was never given. The Toleboro band acquitted itself very creditably. It is a fine company of young musicians. Then Major John Walsh had the tabernacle resplendent in the national colors. To one entering from the back it presented a scene to inspire one of a new love for "Old Glory." Two of Kentucky's best orators, Major H. H. Denhardt, of Bowling Green, and Geo. Colvin, State Superintendent of Public Instruction, verily thrilled the crowds with their matchless addresses. Major Denhardt spoke in the morning. Having seen over-seas service, and being a man deeply interested in the problems of the reconstruction period he presented facts and arguments that need to be taken seriously by our constituency. Prof. Colvin is an orator of a different type. Being in such close touch with our educational problems it was but natural that he should use the opportunity to impress the great educational needs of our commonwealth on his hearers. Despite the heat of the afternoon he was listened to with the keenest attention by an immense crowd. Col. Fred Bassett added new laurels to his crown. With his ready wit and never failing fund of good stories he kept the crowd roaring with laughter for his full time. Yes and he trotted out "Old Magnolia" again. "By special request," The folks just won't let the old nag rest. Other features of the day's program was certification and solo by little Misses Lykens and Turnipseed, music by a one-armed crippled man who played on three instruments at the same time, piano solo by Miss Juanita Richardson, and selections by the male quartet of the Third Street M. E. church of this city.

A feature of the day was the awarding of the prizes in gold to the oldest married couple, the second oldest, the oldest and second oldest man and woman present. Mr. and Mrs. M. T. Goddard won the first prize of ten dollars in gold for having been married the longest, 57 years. They were married on December 21st, 1865, and their ages are 78 and 75 respectively. The second prize of five dollars was awarded to Mr. and Mrs. J. H. Brownling who were married May 29th, 1869. The oldest man present was Mr. Joel Laytham, of Mayslick, who was born October 15th, 1829, and is consequently 91 years and 8½ months old. The second prize was given Rev. J. J. Dickey of this city who is 79 years of age. The old woman present was Mrs. B. D. Politt, born March 20th, 1836, being now 85 years of age. The second prize went to Mrs. Mary Wallingford, 81 years of age. All these old people were present and were given places of honor on the platform after they had been introduced to the audience and given their prizes. And these were but a few of the old folks present. It was a real sure enough "old people's" day.

By request of Col. Grigsby, president of the association, Col. W. H. Thomas acted as chairman of the meeting. This Col. Thomas did with his usual ease and grace. The election of officers resulted in the re-election of Col. Bert C. Grigsby as president of the association, Dr. J. B. O'Bannon, vice president from Fleming county, and J. H. Richardson from Mason county. Major John Walsh was re-elected secretary and Col. W. H. Thomas treasurer. The affairs of the association are in good shape and the people are delighted each year with these splendid reunions. Each seems better, which encourages the managers to plan at once for a still better—if it were possible—program for next Fourth.

ENTERTAIN FOR BRIDAL PARTY WEDNESDAY.

ILLINOIS MEDICAL ACT IS HELD UNCONSTITUTIONAL

Illinois Supreme Court Hands Down Decision Affecting Medical Laws of State Vindicating Chiropractors.

Springfield, Ill. — The medical practice act of Illinois has been declared unconstitutional by the Supreme court as an unjust discrimination against one class of physicians.

The Supreme court reversed the decision of the Vermillion county, circuit court, which had found Dr. L. J. Love of Danville guilty of practicing without a license.

This action will affect chiropractors and all other drugless healers. Overthrow of the medical practice act of 1917 by the Supreme court returns to full force and effect the law of 1911 under which chiropractors, drugless healers, and midwives will be subject to no state qualifications except the necessity of passing a state examination.

Heretofore the chiropractors have been required to attend college forty months, as doctors of medicine do, and midwives have been required to attend certain approved schools. This ruling was handed down in the case of Dr. Lueius J. Love of Danville, a chiropractor, who practiced without a license. His contention that the forty months' requirement was "unreasonable discrimination against one class of physicians" was upheld by the court. It was a unanimous decision.

Chiropractic, the court held, has done much good and has cleared its practitioners of all suspicion of charlatanism or fraud. Mr. L. R. Thompson was the lucky man to get the confectionary privilege, the one for which most bids was made. Mr. Thompson has served in this capacity before and gave good satisfaction.

AGED RESIDENT DIES.

Mrs. Ossa Calvert, aged resident of Mason county, died at 7 o'clock Monday evening at the home of Mr. and Mrs. J. Luther Markwell in Forest avenue of complications incident to advanced age. She was in her 80th year. Funeral will be held Wednesday morning at 10 o'clock from the Markwell home with services by Rev. J. J. Dickey and burial will be made in the Mt. Carmel cemetery.

WILL ATTEND BAPTIST STATE ASSEMBLY.

The annual Baptist State Assembly opens Wednesday for a week's session at Georgetown College, Georgetown, Ky. Among the Maysville Baptists who leave Wednesday morning to attend will be Mrs. E. T. Kirk, Mrs. William Martin, Mrs. R. M. Galtner, Mr. and Mrs. C. S. Kirk and Rev. and Mrs. A. Davis. Miss Mildred Frank, of Brooksville, will also attend with the Maysville delegation.

MRS. CHARLES GETZ DIES.

Mrs. Charles Getz, of Fairview, died at 2 a. m. Monday at the home of her father, Mr. John Conley. She is 24 years of age and is survived by her husband as well as her parents. The funeral will be held Wednesday morning at 10 o'clock from St. Rose of Lima church at Mayslick and burial will be made in the Washington cemetery.

ARRANGEMENTS MADE FOR ANNUAL CAMPING SEASON

Contracts Let and Talent Selected for Campmeeting at Ruggles July 28th at August 7th.

The board of directors of Ruggles Campmeeting Association met Monday at the campgrounds to make final preparation for their forth-coming campmeeting, July 28th to August 7th. The important business of the day was the letting of the privileges. Not in years has there been such spirited bidding and by so many people for the privileges. The campmeeting will profit many dollars by this increased interest. The building of more room for campers, no doubt had much to do with the bidding. The hotel was let to Mr. W. H. Hamrick who with his right-hand man, H. C. Yazell, knows more about the quality and quantity of food than most anybody in these parts.

Mr. L. R. Thompson was the lucky man to get the confectionary privilege, the one for which most bids was made. Mr. Thompson has served in this capacity before and gave good satisfaction.

AUTOMOBILES TAKEN FROM PARK FOR JOY RIDES.

The automobiles of James Cooper Thomas and Howard Hitt, parked near Beechwood Park Monday evening were taken for joy rides. The Hitt machine was found parked on the Mt. Carmel pike near the cemetery and the Thomas machine was returned by the joyriders to a place near which it was parked when taken. The police have been unable to learn who were the culprits in either case.

SUNDAY SCHOOL PICNIC FRIDAY.

The Sunday school of the Christian Church will have its annual picnic at Beechwood Park Friday afternoon and evening. A special street car will leave the church at 2 o'clock Friday afternoon and members of the school are expected to be on hand at that time.

RESIGNS POSITION WITH BIG MEAT PACKERS.

Dismantled Engine Yields Number That May Solve Mystery in Shelby Liquor Theft.

Shelbyville, Ky., July 5. — Whisky runners who Saturday saturated the cushions and curtains of a seven-passenger touring car and then set it afire following a collision with two buggies a mile east of here, left one clew by which authorities believe the identity of the automobile and its occupants may be learned.

The engine number of the car had been brazed apparently to prevent identification, but a telegram from the factory today stated the number could be obtained by dismantling the engine. This was done and the number forwarded to the factory.

The men who were in the automobile following the crash in which four negroes were injured transferred about thirteen cases of liquor to a touring car which was trailing the first one and removed the license plates before setting fire to the wrecked automobile and speeding away toward Louisville.

It is alleged the wife was badly beaten by the husband. Bruises on the wife's body were exhibited to the officers.

OUR POLICY:

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the county as a whole.

TALKING IT OVER.

In announcing that he had invited a number of Western bankers to meet him at the White House for a conference, President Harding took occasion to deny insinuations that a previous conference with New York bankers indicated that Wall street is running the administration. There was no need for a denial, for no one would credit the insinuation. Moreover, the country will heartily approve the policy of bringing to the capital and to the White House the leading business men of the nation, bankers or otherwise. We have had eight years of an administration that kept aloof from the people—an administration that was so self-sufficient that conferences were apparently held only with men who would agree with the President and echo his every word. The country expects Mr. Harding to keep in touch with the condition and thought and desire and needs of the people in all sections and of all classes. The country has a very high regard for Mr. Harding's character, and due appreciation of his ability, but there is no delusion that he is a superman. His conferences are an indication that he is not under a delusion, either, and this in itself increases the confidence of the country in his administration.

BUCKING UP THE DEFENSE.

The Administration is to be congratulated on the reforms in our schemes of national defense that it is putting into effect. Battleships of one type of fuel consumption are to be located on each coast, coal burners in the Atlantic fleet, and oil burners in the Pacific. The advantages of having both types in separate units are obvious, with the additional economy of having each type nearer its source of fuel supply. The tests between airplanes and war vessels now being conducted off the Virginia Capes are sure to bring greater economy and efficiency to our coast defense systems. The former administration lacked the initiative to conduct such experiments, although their value has been apparent for years. There has been a general re-arrangement of officers in the Navy, with special regard to the personality and qualifications of each, which cannot but work to the good of the service. In the Army Secretary Weeks has been successful in smoothing out certain misunderstandings among his subordinates, and the morale of the service has been noticeably improved.

HARD GUESS FOR JOHNNY.

Having in mind the "Truth in Fabrics" bill recently introduced in Congress, it is interesting to note that the bureau of standards has perfected a device to test cloths, which, according to the bureau chief, will "tell beyond all doubt the thread count, fiber strength and thread width and probable 'life' of a particular kind of cloth that may be given a test. It also determines the power of resistance to wear of which a piece of cloth may be capable." This being so, it is predicted it will not be long ere each family is provided with this device, and ma, with the most pacific intentions in the world will be applying it to that portion of little Johnny's pantaloons anatomy which bears the brunt of punishment and friction. But think of the anguish of Johnny if he is not forewarned of the purpose of being bent over the maternal knee.

TRUE FOR FORM.

The Republican governor of New York reports that \$18,000,000 has been saved this year in running the state government as compared with last year. The same principles of sound administration are to be found not only at Washington but wherever representatives of the proved policies of Republicanism are on guard.

We see a statement in an exchange to the effect that men are treating their wives better since prohibition. Maybe its because they are not treating their friends as often.

What has been bothering us is: What will take the place of those great beer parties given by the candidates in the last city and county election campaign?

We heard one genial Maysville citizen declare yesterday that there'd be a good deal more fun in fishing if the fish bit as often as the mosquitoes.

Two columns of news about the Silesian trouble doesn't interest the average Maysville reader half as much as a four-line recipe for chigger bites.

People who want lower freight and passenger rates and higher wages possibly haven't heard that the day of miracles has passed.

An agricultural speech in congress is all right, but a couple of good soaking rains make more of a hit with the farmers.

It is not the three rings which we enjoy at the circus so much as the 20th century poverty, the "clown vamp."

We've noticed that in almost every Maysville home the husband preaches economy—and the wife practices it.

There's this much to be said in favor of your enemies—they're not always trying to horrow money from you.

Insanity is at present the most popular disease among murderers according to newspaper accounts.

FEDERAL TAXES

BECOME DUE FIRST OF JULY

Uncle Sam's Tax Bill As Well As Many Others Became Due With First of Month.

Forms for filing returns of special taxes upon business and occupations are now available at office of collectors of internal revenue and branch offices. These taxes are due July 1, and are held by the Bureau of Internal Revenue to be delinquent unless paid on or before July 31. The list includes the tax on brokers, pawnbrokers, museums, theaters, and concert halls, circuses, bowling alleys, shooting galleries, riding academies and automobiles operated for hire.

When the tax is paid a stamp is issued by the Collector of Internal Revenue, which the person engaged in the business or occupation subject to the tax is required to post conspicuously in his place of business. Failure in this respect renders the offender liable to a penalty equal to the special tax, and the cost of prosecution. In no case is the penalty less than \$10.

The tax on brokers, whose business it is to negotiate for others purchases or sales of stocks, bonds, exchange, bullion, coined money, promissory notes or other securities, and produce or merchandise, is \$50 a year. If the broker is a member of a stock exchange, produce exchange, board of trade or similar organization which sells produce or merchandise and the average value during the preceding year ended June 30 of a seat or membership in such organization was \$2,000 and not more than \$5,000 he is required to pay an additional tax of \$100. If such value was more than \$5,000 he is required to pay an additional tax of \$150. Pawnbrokers are subject to a special tax of \$100 a year.

The tax on ship brokers, whose business it is to negotiate freights and other business for the owners of vessels or for consignors or consignees of freight carried by vessels, is \$50 a year.

Customhouse brokers, whose business, as the agent of others, is to arrange entries and other customs papers or to transact business at any port of entry relating to the importation or exportation of goods and merchandise, pay a special tax of \$50 a year.

Theaters, museums and concert halls are taxed according to their seating capacity, and the population of the city or town in which they are located. Those having a seating capacity

Do you know why it's toasted?

It's toasted.

of not more than two hundred and fifty are taxed \$50; seating capacity of more than two hundred and fifty and not exceeding five hundred, \$100; exceeding five hundred and not exceeding eight hundred, \$150; in excess of eight hundred, \$200. The tax in cities or towns of 5,000 inhabitants or less is one half of these amounts. This tax is paid by the proprietor. The special tax on circuses is \$100.

The tax on bowling alleys and billiard rooms is \$10 for each alley or table. Shooting galleries are subject to a tax of \$20. The tax on riding academies is \$100.

Persons carrying on the business of renting or operating passenger automobiles for hire are required to pay a tax of \$10 for each such automobile having a seating capacity of more than two and not more than seven and \$20 for each such automobile having a seating capacity of more than seven.

Special taxes on manufacturers of tobacco products are due also in July, and on manufacturers and wholesale and retail dealers in oleomargarine, adulterated and renovated butter, filled cheese, and persons engaged in the manufacture of mixed flour.

Returns of the capital stock tax also are required on or before July 31. The capital stock tax applies to every corporation carrying on or doing business in the United States. The tax on domestic corporation is \$1 for each \$1,000 of so much of the fair average value of its capital stock for the pre-

ceding year ended June 30 as is in excess of \$5,000. Foreign corporations are required to pay a tax of \$1 for each \$1,000 of the average amount of its capital stock employed in the transaction of its business in the United States during the preceding year ended June 30, without the benefit of the \$5,000 deduction.

Penalties ranging from a fine not to exceed \$1,000 for failure and not to exceed \$10,000, or one year's imprisonment, or both, for willful refusal to make return and pay the taxes are prescribed by the revenue act.

New York Letter

by

New York. — Even a \$25,000,000 home is not enough to lure indoors all of the curb brokers of this city, who have grown to believe that wherever but the crowded, noisy, open street is the only truly thrilling place in the world to make their bids and sales. And so we are not, after all, going to lose that scene which for more than a century has fascinated the sightseers in New York. The New York Curb Market Association has officially moved into its Wall Street "palace." But the outsiders who refuse to be tied to any such unpicturesque respectability have obtained an injunction to prevent anybody from sending them to off the street and there they will remain, dealing in their securities in the lively way they choose. Since 1792, those out-of-door tradings have been carried on in the middle of Broad street and from the windows of the low brick rookeries on the east side of the street where the curb brokers have their offices. The brightly colored caps and hand-bands, worn by the street men, whose shrewd keen faces made the headgear all the more grotesque have been one of the curiosities of the street to visitors. They could connect them only with a joke of some sort. But there was no joke in it. They were the means of easy identification for the clerks in the windows above signalling down their orders to their own particular traders. And we are still to have them with us.

The latest suggestion for conserving space in the congested office building districts of the city is to span the streets with "bridge floors," such as the Metropolitan building has put above Twenty-fourth street from its structure on Madison avenue to its annex across the way.

Not trouble nor time nor maternity can dim the radiance of Fanny Bree's humor and personality. She is back

with all her radiance and joy in the new Ziegfeld Follies with some particularly good songs to help things along. "My Man," the translation of the late French hit, is proving one of the biggest goers on her program.

I don't believe many people ever think of Stephen Foster, author of "My Old Kentucky Home" and "Swanee River" as a Bowery resident. But so he was. And the Bowery Association gave a concert the other evening in his honor to raise \$50,000 for a Stephen Foster Memorial fund, which will be used to maintain the Bowery Mission bread line. It is a particularly appropriate fund, for the song writer spent his last years as a wanderer on the Bowery, and suffered there and nearly starved as thousands have done since that time.

Harry Clark of 25 East Fifty-Fourth street, may not be a model husband but he will never again have his wife arrested. At least so he now declares. His sensibilities were outraged when Mrs. Clark got a quart of cognac, where he didn't know. But she had it and it was against the law. So he invoked the law against her. Then he had to put up \$500 to bail her out. That's the reason he's through with helping to uphold the constitution when it comes to members of his family.

Houseships need to watch the arrival of liners with steerage passengers aboard for the purpose of plucking out possible cooks and waitresses from the crowd before every other housewife beat them to it. But it doesn't do much good now to be the earliest arrival at Ellis Island. The girls have other plans. A liner from Queens town brought 150 young women the other day, but housework? No, indeed. Everyone of the whole 150 had arrived to become a typist or a movie actress. More than 5,000 plants grown by

New York city school children were exhibited at their first exposition of the kind the other day. That may not sound like any tremendous achievement, considering this is a pretty populous city. But to anybody who stops to remember that the majority of those young exhibitors live in tenements where the sun couldn't even reach a window box, it is a truly remarkable accomplishment. To make it still more emphatic, some of the finest exhibits came from just these districts.

LUCY JEANNE PRICE.

SENATOR IS IN TROUBLE BY IMPOSING SILENCE

Tells Eight Hundred Persons in Great Confidence That He Will Save the Cattle Men.

Washington, D. C. — Senator John B. Kendrick, of Wyoming, is in a peck of trouble. In the first place he is a Democrat and that is a source of trouble in a Republican administration elected by a popular majority of eleven millions. He also attempted to lead not only his Democratic colleagues but his Republican ones as well into supporting a packers' bill partly authored by himself. He was to be the great savior of the cattle and sheep men from the ravages of the Chicago meat packers. But just as he was about to put it over the ground slipped from under him and the safe and sane House bill regulating the packers was adopted as a substitute by a majority of three votes and Kendrick was left in the lurch.

But the chief reason for the peck of trouble is that he wrote a confidential letter to eight hundred persons and instructed each of them to keep a state secret.

He wrote this letter to bankers and stock men with the evident intent of interesting them in the passage of a bill proposed by a Republican Senator. He, a Democrat in a Republican Senate, thought to interest these men in a bill proposed by him authorizing the War Finance Corporation to lend \$50,000,000 for the relief of the live stock interests.

As a member of the Committee on Banking and Currency I have been actively interested in such bills as have come before us looking toward relief for our live stock and farm interests," he says. "The Bureau bill, among others before our committee, provided for the employment of the earnings of the federal reserve banks as loans to the live stock producers. It seemed to me that the plan could not fail to be beneficial to the live stock interests if put into effect and the money loaned with as little delay as possible, conditioned, of course, upon necessary discretion and good judgment as to the security."

Promoters of fake motion picture stocks have extracted from the American public \$250,000,000, from which, according to estimates, \$30,000,000 was earned during 1920, and never a cent paid in dividends.

MORE PULP FOR PAPERS.

Washington, D. C. — Importation of wood pulp from Canada into the United States for the benefit of the newspaper press of the country is contemplated by a resolution reported favorably to the Senate by the Committee on Rules.

The great shortage of pulp wood in the United States has seriously affected the price of newspaper paper and embarrassed the newspapers of the United States in finding white paper to use in their business. The difficulty in securing white paper has been largely produced by embargoes raised by the Provinces of Quebec, New Brunswick, and Ontario on shipments of pulp wood into the United States, discriminating against the use of this pulp wood by American mills after the American mills had acquired the right to cut the wood in Canada.

The purpose of the resolution is to authorize the President of the United States to appoint a commission to treat with the Canadian Government, and the Provinces enumerated above, with the view of looking to a better commercial understanding between the two Governments in reference to newspaper paper and pulp wood, and an agreement that would aid in securing a reasonable supply of raw material to the American mills. The purpose of the resolution, if carried out will not only be beneficial to those engaged in the manufacture of newspaper paper, but to the entire press of the United States.

TOO ILL TO WORK

A Mother Tells How Her Daughter Was Made Well Again by Lydia E. Pinkham's Vegetable Compound

Philadelphia, Pa. — "At the age of sixteen my daughter was having trouble every month. She had bad pains across her back and in her sides, her back would pain her so that she could not do her work and would have to lie down. My married daughter recommended Lydia E. Pinkham's Vegetable Compound. She took it faithfully and is now regular and has no pain. We recommend the Vegetable Compound and give you permission to publish this letter." — Mrs. KATIE EICHER, 4034 N. Fairhill St., Philadelphia, Pa.

Standing all day, or sitting in cramped positions and often with wet feet, young girls contract deranged conditions, and before they are hardly aware of it they develop headaches, backache, irregularities, nervousness and bearing-down pains, all of which are symptoms of woman's ills. If every mother who has a daughter suffering from such symptoms would profit by the experience of Mrs. Eicher and give Lydia E. Pinkham's Vegetable Compound a fair trial she may expect the same happy result.

Waiting doesn't pay. If you neglect kidney backache, urinary troubles often follow. Doan's Kidney Pills are for kidney backache, and for other kidney ills. Ask your neighbor.

Maysville citizens endorse them. Ben P. Fleming, country constable, 228 Limestone street, Maysville, says: "I have used Doan's Kidney Pills off and on for several years when I have needed them. I always get Doan's at Wood & Son's drug store. I have been greatly benefited by them. At times my kidneys get out of order and I suffer with a dull constant ache through the small of my back and the kidney secretions are irregular in passage. A box or so of Doan's have never failed to relieve the trouble in a short time."

The above statement was given November 14, 1916, and on November 22, 1920, Mr. Fleming added: "I am glad to renew the statement I gave for publication some years ago as the cure Doan's Kidney Pills made for me is still permanent. I confirm my former statement in every detail as it was at true."
